IO Beats – Appendix B: Lock & Vesting Schedule per Chain

Version v1.0 – September 2025

This appendix details lock and vesting schedules for each vault across all supported chains. Each blockchain hosts its own Safe with identical vault allocations (Presale, Community, Staking, Liquidity, Team, Founders, Treasury). Addresses are placeholders and will be updated once locks are executed on-chain.

Vault Rules & Tokenomics Allocation

1. Presale Vault – 10B IOB | 18 months vesting | 10% TGE | 2 months cliff
2. Community Vault – 12.5B IOB | DAO reserve | Max 5% per year
3. Staking Vault – 7.5B IOB | Locked contracts | 48 months linear release
4. Liquidity Vault – 7.5B IOB | LP locked 12–24 months
5. Team Vault – 5B IOB | 6 months cliff | 36 months vesting
6. Founders Vault – 2.5B IOB | 12 months cliff | 48 months vesting
7. Treasury Vault – 5B IOB | DAO controlled | 24 months lock

Vault Addresses per Chain (Placeholders)

Base

1. Presale Vault – Address: 0xPRE...BASE
2. Community Vault – Address: 0xCOM...BASE
3. Staking Vault – Address: 0xSTK...BASE
4. Liquidity Vault – Address: 0xLIQ...BASE
5. Team Vault – Address: 0xTEAM...BASE
6. Founders Vault – Address: 0xFND...BASE
7. Treasury Vault – Address: 0xTRE...BASE

Ethereum

1   Presale Vault – Address: 0xPRE...ETH

2   Community Vault – Address: 0xCOM...ETH

3   Staking Vault – Address: 0xSTK...ETH

4   Liquidity Vault – Address: 0xLIQ...ETH

5   Team Vault – Address: 0xTEAM...ETH

6   Founders Vault – Address: 0xFND...ETH

7   Treasury Vault – Address: 0xTRE...ETH

Arbitrum

1   Presale Vault – Address: 0xPRE...ARB

2   Community Vault – Address: 0xCOM...ARB

3   Staking Vault – Address: 0xSTK...ARB

4   Liquidity Vault – Address: 0xLIQ...ARB

5   Team Vault – Address: 0xTEAM...ARB

6   Founders Vault – Address: 0xFND...ARB

7   Treasury Vault – Address: 0xTRE...ARB

Polygon

1   Presale Vault – Address: 0xPRE...POLY

2   Community Vault – Address: 0xCOM...POLY

3   Staking Vault – Address: 0xSTK...POLY

4   Liquidity Vault – Address: 0xLIQ...POLY

5   Team Vault – Address: 0xTEAM...POLY

6   Founders Vault – Address: 0xFND...POLY

7   Treasury Vault – Address: 0xTRE...POLY

BNB Chain

1   Presale Vault – Address: 0xPRE...BNB

2   Community Vault – Address: 0xCOM...BNB

3   Staking Vault – Address: 0xSTK...BNB

4   Liquidity Vault – Address: 0xLIQ...BNB

5   Team Vault – Address: 0xTEAM...BNB

6   Founders Vault – Address: 0xFND...BNB

7   Treasury Vault – Address: 0xTRE...BNB

Transparency & Verification

1.   All locks will be executed on-chain using trusted services (UNCX, Team.Finance).
2.   A Dune Analytics dashboard will be available for real-time monitoring of all chains.
3.   Final vault addresses will include links to Etherscan, BaseScan, Arbiscan, Polygonscan, and BscScan.

Closing Note

IO Beats commits to enforcing strict lock and vesting schedules across all chains. This ensures multi-chain sustainability, market stability, and reinforces trust with the community and partners.
